OCTOBER 2024

Six runners head to state meet

Frederick Area runners had a good day at the Region 1B cross country meet on Oct. 16 in Webster, with one girl and three boys earning qualification for the state meet by placing in the top 20. The boys team also placed in the top three, so all five runners on the varsity team will run at state.

Sophomore Katie Bretsch, Frederick Area's sole girls varsity runner this season, placed 18th with a time of 23:00.8.

On the boys team, Milo Sumption (junior), Howard Sumption (freshman), and Titus Kippley (sophomore) have had strong finishes all season, earning spots in the top 15 and most often in the top 10 in all races so far this season. The Region 1B race was no exception: Milo finished sixth (18:52.72), Howard finished seventh (18:55.66), and Titus finished 11th (19:13.56).

This earned the team 25 points

PHOTO BY HEIDI MARTILA-LOSURE

Frederick Area runners will compete at the state cross country meet on Oct. 26. Pictured are Coach Sarah Sumption, Andrew Schlosser, Howard Sumption, Milo Sumption, Titus Kippley, Tate Dosch, Katie Bretsch, and Coach Janelle Barondeau.

and third place, behind James Valley Christian (19 points) and Estelline/Hendricks (21 points). Those three teams will compete at the state meet on Saturday, Oct. 26.

Eighth-graders Andrew Schlosser and Tate Dosch will also

run at state. The first three runners on a team are considered in the first assessment of points, but fourth runners are looked at in the event of a tie.

See more photos from the region meet on page 6.

School bond does not pass

Voters in the Frederick Area School District rejected a proposal to fund a new high school building with a bond of up to \$10 million in a special election on Sept. 26.

The count was 127 votes for yes and 144 votes for no.

Voters at the Frederick precinct were narrowly in favor of the measure, voting 89 to 76.

Voters at the Westport precinct, however, were strongly opposed, with 38 in favor and 68 opposed.

Thirty-eight percent of the district's eligible voters turned out to vote in the election.

The ballot asked voters if a bond of up to \$10 million should be issued "for the purpose of financing school improvements including demolition of the existing secondary school structure, replacement and improvement of the secondary educational space."

Frederick Area school board members had made the case that many systems in the old high school building were at or past the end of their useful lives, and that the building was in some ways not up to modern standards for classroom size and accessibility.

Child Find is Nov. 8

Frederick Area School District will conduct its Child Find Screening on Friday, Nov. 8, in the elementary special education room. This screening provides parents of children ages 3-4 and the school district with information about children's educational development in basic concepts, fine and gross motor skills, and speech/language.

This screening is provided at no cost and will take 30-40 minutes. Parents of 3- and 4-year-olds who reside in the district should call 605-329-2145 by Nov. 1 to schedule a screening time. Contact the school with any questions or concerns.

September Students of the Month

FASD PHOTOS

Middle school/high school Students of the Month for September, based on the trait of polite, were Gage Burns, Dawson Clark, Tristan Tschappat, and Katie Bretsch.

Elementary Students of the Month for September were, front row, Ava Christianson, Willow Holmes, and Anders Reidinger; and back row: Hailey Jones, Chandler Hart, Beckham Sumption, and Brooklyn Hart. The trait for the month was polite.

Frederick Area gets good results on state report card

By JESSICA RINGGENBERG
Frederick Area K-8 Principal

Every year, usually in October, the South Dakota Department of Education releases state report cards for each school and district in the state. Most of our data comes from the annual state testing that occurs each spring, but other factors such as attendance, high school completion, and college and career readiness also factor into overall scores. Anyone seeking further information about our local report cards can find the link to access them on our school website.

Based on data collected during the 23-24 school year the Frederick Area Elementary school received an overall score of 77%, which is an overall increase of 4% over last year! Our elementary proficiency rates for English Language Arts (ELA) were 58%, math was 67%, and science was 100%, all of which are up from a year ago. This is exciting news for us as it shows that our increased instructional methods in phonics, vocabulary, using text evidence, and understanding text features are working.

Our middle school scored a little higher with an overall score of 79%. Overall proficiency rates for English, math, and science were 64%, 67%, and 54% respectively. Frederick Area High School scores also scored well above the state average this year

with English being 73% proficient, math was 55% proficient, and science was 73% proficient. The overall score of high school was 88%. All three schools this year placed in the highest performance tier!

According to a press release published by the South Dakota Department of Education, statewide scores in ELA and Mathematics both rose by 1% this year. State proficiency in ELA being 51% and mathematics being 44%. We again have remained on the positive side of these state averages.

Overall, I am proud to report that we have maintained the above average expectations we have set for ourselves and that is due to all the hard work that our teachers, staff, and students commit to every day. Thank you for pushing your child to meet our expectations and for your dedication to school and hard work, for the first steps to success come from home!

Titans go into playoffs as No. 8 seed

BY JEFF KOSTERS, HEAD COACH

The Leola/Frederick Titan Football regular season came to an end Oct. 18 in Warner. At stake for both teams was improved playoff seeding and the conference championship. Warner led 7-0 at the half and tacked on two more touchdowns in the second half to win 21-0. We finished the season with a 6-2 record, and just like last year, we will enter the playoffs as the eight seed. Our opponent on Thursday night will be the Kimball/White Lake Wildkats. Both teams are 6-2 and the winner will travel to face top seed Parkston in the second round on Thursday, Oct. 31.

This was the first year of a new realignment cycle, and our schedule had a much different look to it. We opened the season with our three non-conference games, including Redfield, Britton-Hecla, and Stanley County. We won all three of those and began conference play with a win in Eureka versus North Central on Sept. 13. We faced highly ranked Faulkton Area in Leola on Sept. 20 and had a great second half to pull away with a 42-20 victory to start the season 5-0. We had our bye week after that and then were not able to play Northwestern due to them not having enough players, so we received a forfeit win.

We finished the regular season with road games at Ipswich and Warner. We went three weeks between games following the bye and forfeit, and we struggled to gain the offensive traction we had earlier in the season, dropping a hard-fought overtime game to Ipswich 14-12 and then losing at Warner as mentioned earlier.

Statistically speaking, our total numbers are not directly comparable to last year, as we didn't play one game and we still have a playoff game in front of us, but looking at averages, we are better in every area. We have averaged 6.56 yards per carry (5.39 last year), 18.87 yards per reception (16.8 last year), and we have completed 69% of our pass attempts (48% last year). Defensively we have given up an average of 16.8 points per game (22.3 last year).

We will say farewell to four seniors off this year's squad and will recognize those players and their parents during the first-round playoff game with Senior Night. We will return six starters on both sides of the ball next year, and our schedule will be the same, with home/away being reversed. We will play Britton-Hecla, North Central, Ipswich, and Warner at home, while away games will include Redfield, Stanley County, Faulkton Area, and Northwestern.

FOOTBALL

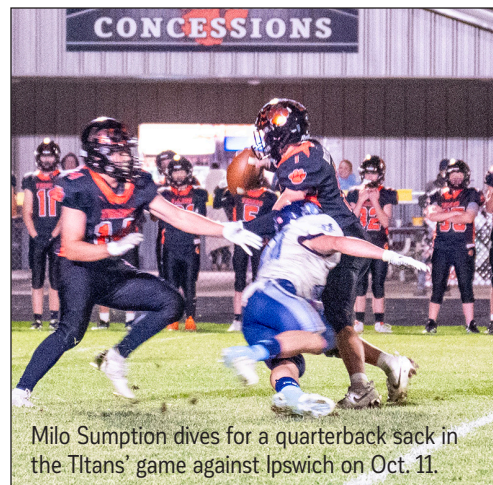

Westyn Thorpe carries the ball during the Titans' Oct. 18 game against the Warner Monarchs in Warner.
